INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council
City of Spicer
Spicer, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Spicer, Minnesota, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof and General Fund, Local Option Sales Tax Special Revenue Fund, and Tax Increment No. 14 Special Revenue Fund budgetary comparison schedules for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (Cont'd)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of Proportionate Share of the Net Pension Liability, the Schedule of Employer Contributions, the Schedule of Changes in the City's Net Pension Liability and Related Ratios, and related notes as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The statements and schedules listed in the table of contents as supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Report on Partial Comparative Information

We have previously audited the City's 2021 financial statements and we expressed unmodified audit opinions on those audited financial statements dated May 17, 2022. Refer to Note 15 of the Notes to the Financial Statements for additional information regarding the prior year partial comparative information.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Elected and Appointed Officials section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 16, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF SPICER, MINNESOTA

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2022

As management of the City of Spicer, we offer readers of the City of Spicer's financial statements this narrative overview and analysis of the financial activities of the City of Spicer for the fiscal year ended December 31, 2022. Please read it in conjunction with the City's financial statements, which immediately follow this section.

Financial Highlights

- The assets and deferred outflows of resources of the City of Spicer exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$15,834,815 (net position). Of this amount, \$4,615,143 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- Capital assets, less depreciation, total \$14,289,098, representing a broad base of city-wide infrastructure.
- As of the close of the current fiscal year, the City of Spicer's governmental funds reported combined ending fund balances of \$6,837,559. Approximately 19% (percent) of this total amount, \$1,290,476, is available for use within the City's designations.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,472,312 or 150% (percent) of total General Fund expenditures.
- The City of Spicer increased the existing debt balance by \$1,945,000 during the current fiscal year.

Overview of the Financial Statements

The discussion and analysis are intended to serve as an introduction to the City of Spicer's basic financial statements. The City of Spicer's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Spicer's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City of Spicer's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Spicer is improving or deteriorating. The 2022 Statement provides for an increase in net position.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes).

The government-wide financial statements distinguish functions of the City of Spicer that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Spicer include general government, public safety, public works, culture and recreation, cemetery services and economic development. The business-type activities of the City of Spicer include the sewer and water operations.

The government-wide financial statements can be found on pages 13-14 of this report.

CITY OF SPICER, MINNESOTA

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2022

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Spicer, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Spicer can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financial decisions. A reconciliation is provided to facilitate the comparison between governmental funds and governmental activities.

The City of Spicer maintains twenty-four individual governmental funds. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Local Option Sales Tax Special Revenue Fund, Tax Increment No. 14 Special Revenue Fund, two Debt Service funds, and one Capital Project Fund, all of which are considered to be major funds. Data from the other eighteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Spicer adopts an annual appropriated budget for its General and Special Revenue funds. Budgetary comparison statements have been provided for the General Fund, Local Option Sales Tax Special Revenue Fund, and Tax Increment No. 14 Special Revenue Fund to demonstrate compliance with this budget adoption.

The governmental funds financial statements can be found on pages 15-23 of this report.

Proprietary Funds. The City of Spicer maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Spicer uses Enterprise funds to account for its sewer and water operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the enterprise funds, all of which are considered to be major funds of the City of Spicer.

The proprietary fund financial statements can be found on pages 24-26 of this report.

Fiduciary Fund. The City of Spicer is the trustee, or fiduciary, for resources collected to improve the library and Dethlefs Center improvements. The resources held in a fiduciary capacity are reported in separate Statement of Fiduciary Net Position. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for its intended purpose.

The fiduciary fund financial statements can be found on page 27 of this report.

CITY OF SPICER, MINNESOTA

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2022

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 28-56 of this report.

Supplementary Information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented herewith. Combining and individual fund statements and schedules can be found on pages 65-74 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Spicer, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$15,834,815 at the close of the most recent fiscal year. This is a \$514,693 increase over the 2021 net position.

By far the largest portion of the City of Spicer's net position reflects its investment in capital assets (e.g. land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City of Spicer uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Spicer's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City of Spicer's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position at December 31, 2022, \$4,615,143, may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Spicer is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

Financial Analysis of the Business-Type Activities

Sewer Fund. The change in the City's Sewer Fund Net Position was \$(71,268) for 2022. The decrease in fund balance for 2022 is due to an increase in treatment charges during the year.

Water Fund. The change in the City's Water Fund Net Position was \$27,730 for 2022. The increase in fund balance for 2022 is due to an increase in charges for services.

Financial Analysis of the Government's Funds

General Fund. The change in the City's General Fund Balance was \$(483,527) for 2022. The change in fund balance for 2022 was \$769,674 less than the increase in fund balance for 2021. The main reason for this change was due to an increase in transfers to other funds.

CITY OF SPICER, MINNESOTA

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2022

Financial Analysis of the Government's Funds (Cont'd)

Special Revenue Funds. The change in the City's special revenue fund balances was \$423,380 for 2022. The Local Option Sales Tax Special Revenue Fund balance increased by \$247,135 as a result of continued collection of sales tax revenue with minor expenditures incurred.

Debt Service Funds. The debt service fund balances decreased by \$379,824 compared to a decrease of \$266,621 in 2021. The main reason for this change was due to continued debt service payments and the payoff of the 2010 Bonds. Debt service payments are continued to be paid out of available revenues and fund balances in the debt service funds.

Capital Project Funds. The capital project fund balances increased by \$1,836,877. This is due to the issuance of the 2022A G.O. Improvement Bond to finance project costs.

Budgetary Highlights

General Fund. The City budgeted for a \$124,604 increase in fund balance for 2022. The actual change in fund balance was a decrease of \$483,527. The decrease in fund balance was mainly due to an increase in transfers out of the fund.

Capital Asset and Debt Administration

Capital Assets. The City of Spicer's investment in capital assets for its governmental and business-type activities as of December 31, 2022, amounts to \$24,757,747. This investment in capital assets includes land, buildings, improvements, machinery and equipment, and infrastructure.

Refer to Note 5 of the Notes to the Financial Statements for a schedule showing the City's capital asset activity.

Long-Term Liabilities. At the end of the fiscal year, the City of Spicer had total long-term liabilities of \$6,491,803. This debt has been issued to finance the construction of the City's street and utility program, compensated absences, Tax Increment Districts and refunded existing debt. The City of Spicer is not rated on its general obligation debt.

Refer to Note 7 of the Notes to the Financial Statements for a schedule showing the City's long-term debt activity.

Economic Factors and Next Year's Budgets and Rates

The City of Spicer's appointed officials considered many factors when setting the fiscal year 2023 budget, rates, and fees that will be charged by the funds of the City. The major factor accounted for when adopting the General Fund Budget was to hold all line items as much as possible to the 2022 final budget.

Requests for Information

This financial report is designed to provide a general overview of the City of Spicer's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Administrator, City of Spicer, 217 Hillcrest Ave, PO Box 656, Spicer, MN, 56288.

YEAR ENDED DECEMBER 31, 2022
WITH PARTIAL COMPARATIVE AMOUNTS FOR THE YEAR ENDED DECEMBER 31, 2021

	<u>2022</u>	<u>2021</u>
Total Net Change in Fund Balances - Governmental Funds	\$ 1,396,906	\$ 66,457
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.		
Capital Outlay	1,586,607	417,562
Depreciation Expense	(573,724)	(576,296)
Capital Asset Disposals	(38,632)	(26,483)
Accumulated Depreciation Related to Capital Asset Disposals	7,035	26,483
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the funds.		
Taxes - Delinquent	(3,538)	(4,356)
Special Assessments	199,495	(121,317)
Compensated absences are recognized as paid in the governmental funds but recognized as the expense is incurred in the Statement of Activities.		
	456	2,389
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		
Principal Retirement of Long-term Debt	460,000	785,000
Bond Discount Amortization	(741)	(741)
Change in Accrued Interest	(42,992)	6,785
Proceeds from the Issuance of Bonds	(2,420,000)	
In the Statement of Activities, pension expenses are measured by the amounts earned during the year. In governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).

CITY OF SPICER, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The City of Spicer, Minnesota, is a statutory city governed by an elected mayor and four council members. The accompanying financial statements present the government entities for which the government is considered to be financially accountable.

The financial statements present the City and its component units. The City includes all funds, organizations, institutions, agencies, departments and offices that are not legally separate from such. Component units are legally separate entities for which the City is financially accountable, or for which the exclusion of the component unit would render the financial statements of the City misleading.

The criteria used to determine if the City is financially accountable for a component unit includes whether or not 1) the City appoints the voting majority of the potential component unit's governing body and is able to impose its will on the potential component unit or is in a relationship of financial benefit or burden with the potential component unit, or 2) the potential component unit is fiscally dependent on and there is a potential for the potential component unit to provide specific financial benefits to, or impose specific financial burdens on, the City.

As a result of applying the component unit definition criteria above, a certain organization has been defined and is presented in this report as follows:

Blended Component Unit - Reported as if they were part of the City.

The specific entity from the category above is identified as follows.

Blended Component Unit

The City of Spicer Economic Development Authority (EDA) is a legal entity separate from the City. Although legally separate, the City of Spicer EDA is reported as if it were part of the primary government because it provides services exclusively for the City. Separate financial statements are not prepared for the City of Spicer EDA.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Internally dedicated revenues are reported as general revenues rather than program revenues.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Cont'd)

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, special assessments, intergovernmental revenue, charges for services, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. This fund accounts for all financial resources of the general City, except those required to be accounted for in another fund.

The Local Option Sales Tax Special Revenue Fund is used to account for the accumulation of local sales and use tax revenue.

The Tax Increment No. 14 Special Revenue Fund is used to account for revenues and expenditures related to that Tax Increment District; financing is provided by tax increment collections.

The 2016A Improvement Bond Debt Service Fund is used to account for the accumulation of resources for, and the payment of the debt principal, interest, and related costs.

The 2022A G.O. Improvement Bond Debt Service Fund is used to account for the accumulation of resources for, and the payment of the debt principal, interest, and related costs.

The 4th & Manitoba Project Capital Project Fund is used to account for the accumulation of resources for, and the expenses related to the project.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION
(Cont'd)

The City reports the following major enterprise funds:

The Sewer Fund accounts for the operations of the City's sewer utility.

The Water Fund accounts for the operations of the City's water utility.

Additionally, the City reports the following fiduciary funds:

Private Purpose Trust Funds - These funds are used to account for assets held by the City in a trustee capacity or as an agent. The City is the trustee, or fiduciary, for the following two funds:

The Erickson Memorial Trust - The City is a trustee, or fiduciary, for resources collected to improve the Library.

The Edward H. Dethlefs Trust - The City is a trustee, or fiduciary, for resources collected to improve the Dethlefs Senior Center.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's utility functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

It is generally the City's policy to use restricted resources first, then unrestricted resources as they are needed when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

D. DEPOSITS AND INVESTMENTS

The City's cash and cash equivalents are considered to be cash on hand, deposits and highly liquid debt instruments purchased with original maturities of three months or less from the date of acquisition.

The City may invest in the following types of investments as authorized by Minn. Stat. §118A.04 and §118A.05:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minn. Stat. §118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) time deposits that are fully insured by the Federal Deposit Insurance Corporation or bankers acceptances of United States bank;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by at least two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

Cash and investments were comprised of deposits, nonnegotiable certificates of deposits, and brokered certificates of deposits.

Custodial Credit Risk - Deposits: For deposits, this is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City's investment policy states the collateralization level will be 110% of the market value of principal and accrued interest for balances above the FDIC insured amount.

Authorized collateral includes the obligations of the U.S. Treasury, agencies, and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the State of Minnesota or its municipalities, bankers' acceptances, futures contracts, repurchase and reverse purchase agreements, and commercial paper of the highest quality with a maturity of no longer than 270 days, as well as certain first mortgage notes, and certain other state or local government obligations. Minnesota Statutes require that securities pledged as collateral be held in safekeeping by the City treasurer or in a financial institution other than that furnishing the collateral.

Interest Rate Risk: This is the risk that market values of securities in a portfolio would decrease due to changes in market interest rates. The City does not have an investment policy that addresses interest rate risk.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

D. DEPOSITS AND INVESTMENTS (Cont'd)

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. The City does not have an investment policy that further limits its investment choices.

Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of an investment in a single issuer. Investments should be diversified to avoid incurring unreasonable risk inherent in over investing in specific instruments, individual financial institutions or maturities. The City does not have an investment policy that addresses concentration of credit risk.

Custodial Credit Risk - Investments: For an investment, this is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have an investment policy that addresses custodial credit risk for investments.

The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

E. RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown at a gross amount since both are assessable to the property taxes and are collectible upon the sale of property.

The City levies its property tax for the subsequent year during the month of December. December 30th is the last day the City can certify a tax levy to the County Auditor for collection the following year. Such taxes become a lien on January 1 and are recorded as receivables by the City at that date. The property tax is recorded as revenue when it becomes measurable and available. Kandiyohi County is the collecting agency for the levy and remits the collections to the City three times a year. The tax levy notice is mailed in March with the first half payment due on May 15 and the second half payment due on October 15. Taxes not collected as of December 31 each year are shown as delinquent taxes receivable.

The County Auditor prepares the tax list for all taxable property in the City, applying the applicable tax rate to the tax capacity of individual properties, to arrive at the actual tax for each property. The County Auditor also collects all special assessments, except for certain prepayments paid directly to the City.

The County Auditor submits the list of taxes and special assessments to be collected on each parcel of property to the County Treasurer in January of each year.

CITY OF SPICER, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

E. RECEIVABLES AND PAYABLES (Cont'd)

Lease receivables represent amounts receivable from individuals, firms and corporations for the right to use of City assets. No substantial losses are anticipated from the present receivables balances and therefore, no allowance for uncollectible amounts is deemed necessary.

F. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

G. CAPITAL ASSETS

Capital assets, both tangible and intangible, which include property, plant, equipment and infrastructure assets (e.g., roads, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an estimated useful life in excess of one year and an initial, individual cost of more than \$2,500.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded as capital assets at their estimated acquisition value at the date of the donation.

Based on the age of the majority of the City's infrastructure and an exception for small governments in GASB Statement No. 34, the City has determined it is not practical to capitalize infrastructure retroactively. The current value of the infrastructure includes projects completed during the year ended December 31, 1985 and prospectively from that date.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Tangible and intangible assets of the City are depreciated using the straight-line, full month convention method over the following estimated useful lives:

<u>Capital Assets</u>	<u>Years</u>
Buildings and Land Improvements	20-50
Equipment	5-15

The City does not possess any material amounts of intangible assets.

H. DEFERRED OUTFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future reporting period. During that future period, it will be recognized as an outflow of resources (expense/expenditure). The City has one item that qualifies for reporting in this category on the government-wide and proprietary fund Statement of Net Position which is related to pensions.

CITY OF SPICER, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

I. UNEARNED REVENUE

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and certain other payments received before eligibility requirements are met are also recorded as unearned revenue.

J. COMPENSATED ABSENCES

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. The liability for compensated absences is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. The government-wide and proprietary funds Statement of Net Position reports both current and noncurrent portions of compensated absences using full accrual accounting. The current portion consists of an amount based on expected or known retirements coming in the next fiscal year. The noncurrent portion consists of the remaining amount of vacation and total vested sick leave.

Full-time, permanent City employees earn vacation days based upon the number of completed years of service. The City compensates employees for unused vacation upon termination of employment. Employees are entitled to paid sick leave at the rate of one day per month up to a total of one hundred days. Employees are compensated for twenty-five percent of accrued sick leave up to twenty-five days.

K. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Employees of the City pay premiums based on amounts determined by the City Council. Since the insurance rates are not aged based, the City has an implicit rate subsidy factor in postemployment health care expenses. Additionally, Minnesota Statutes require the City to allow retired employees to stay on the health care plan with the retiree responsible to pay the entire premium for continuation coverage. City management has estimated the potential liability based on prior experience and determined the need to accrue a postemployment benefits liability is immaterial to users of the financial statements. The City's personnel policy does not provide for any contributions upon employee retirement.

L. PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and the City of Spicer Fire Relief Association and additions to/deductions from PERA's and the City of Spicer Fire Relief Association's fiduciary net position have been determined on the same basis as they are reported by PERA and the City of Spicer Fire Relief Association. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The City participates in various pension plans; total pension expense for the year ended December 31, 2022, was \$55,780. The components of pension expense are noted in the plan summaries.

CITY OF SPICER, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

M. LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type Statement of Net Position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. DEFERRED INFLOWS OF RESOURCES

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future reporting period. During that future period, it will be recognized as an inflow of resources (revenue). The City has items that qualify for reporting in this category on both the government-wide and proprietary fund Statement of Net Position and the governmental fund financial statements related to property taxes, special assessments, pensions, and leases.

O. FUND BALANCE

In the governmental fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in governmental funds. These classifications are as follows:

Nonspendable - consists of amounts that cannot be spent because it is not in spendable form or are legally or contractually required to be maintained intact, such as inventories and prepaid items.

Restricted - consists of amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - consists of amounts that are constrained for specific purposes that are internally imposed by formal action of the City Council. Those committed amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. These constraints are established by Resolution of the City Council.

Assigned - consists of amounts intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the governing body itself or by an official to which the governing body delegates the authority. Pursuant to City Council Resolution, the City Administrator is authorized to establish assignments of fund balance.

Unassigned - is the residual classification for the General Fund and also reflects negative residual amounts in the remaining governmental funds.

CITY OF SPICER, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

O. FUND BALANCE (Cont'd)

The City requires restricted amounts to be spent first when both restricted and unrestricted fund balance are available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

P. NET POSITION

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in the government-wide, proprietary fund, and fiduciary fund financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide, proprietary fund, and fiduciary fund financial statements when there are limitations on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position consists of all other net position that does not meet the definition of restricted or net investment in capital assets.

Q. USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

R. PRIOR YEAR INFORMATION

The basic financial statements include certain prior-year partial comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the government's financial statements for the year ended December 31, 2021, from which the information was derived.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

The City Council adopts an annual budget. The amounts shown in the financial statements as "budget" represent the original budgeted amounts and all revisions made during the year. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to September 15, the City Council submits a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. The budget is legally enacted through passage of a resolution after obtaining taxpayer comments. The budget resolution adopted by the City Council sets forth the budgets at the function level for the General and Special Revenue Funds.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Cont'd)

A. BUDGETARY INFORMATION (Cont'd)

4. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
5. Expenditures may not legally exceed budgeted appropriations at the department level. No fund's budget can be increased without City Council approval. The City Council may authorize transfers of budgeted amounts between departments within any fund. Management may amend budgets within a department level, so long as the total department budget is not changed.
6. Annual appropriated budgets are adopted during the year for the General and Special Revenue Funds. Annual appropriated budgets are not adopted for Debt Service Funds because effective budgetary control is alternatively achieved through bond indenture provisions. Budgetary control for Capital Project Funds is accomplished through the use of project controls and formal appropriated budgets are not adopted.
7. Budgeted amounts are as originally adopted or as amended by the City Council. Individual amendments were not material in relation to the original amounts budgeted. Budgeted expenditure appropriations lapse at year-end.

Encumbrance accounting is not used for the General or Special Revenue Funds.

B. FUND DEFICITS

B. LEASE RECEIVABLES

At December 31, 2022, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. This implementation allows the City to report its lease receivables and related deferred inflows of resources.

The City's leases are summarized as follows:

	Lease Receivable Balance	Lease Revenue	Lease Interest Revenue
Edward Jones	\$ 41,965	\$ 11,050	\$ 1,764
Lutheran Social Services of MN	16,571	4,800	613

Edward Jones Lease - On February 1, 2017, the City entered into a five-year lease agreement with Edward D Jones & Co for the lease of a building and exercise the renewal for an additional five years. Based on this agreement, the City is receiving monthly payments through 2027. There are no additional renewal options included in this lease agreement.

Lutheran Social Service of MN Lease - On May 19, 2021, the City entered into a five-year lease agreement with Lutheran Social Service of MN for the lease of a building. Based on this agreement, the City is receiving monthly payments through 2026. There is an automatic renewal for an additional term of twelve months included in this lease agreement. This lease can be terminated with a sixty day notice prior to the end of the term.

NOTE 7. LONG-TERM LIABILITIES

A. GENERAL OBLIGATION BONDS

The City issues General Obligation (G.O.) Bonds to provide financing for street improvements, facility construction and tax increment projects. Debt service is covered respectively by special assessments, property taxes and tax increments against benefited properties with any shortfalls being paid from general taxes.

G.O. Bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as 15 year Serial Bonds with equal debt service payments each year.

NOTE 8. RISK MANAGEMENT

The City purchases commercial insurance coverage through the League of Minnesota Cities Insurance Trust (LMCIT), which is a public entity risk pool currently operating as a common risk management and insurance program, with other cities in the state. The City pays an annual premium to the LMCIT for its insurance coverage. The LMCIT is self-sustaining through commercial companies for excess claims. The City is covered through the pool for any claims incurred but unreported, but retains risk for the deductible portion of its insurance policies. The amount of these deductibles is considered immaterial to the financial statements.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

The City's workers' compensation insurance policy is retrospectively rated. With this type of policy, final premiums are determined after loss experience is known. The amount of premium adjustment for 2022 is estimated to be immaterial based on workers' compensation rates and salaries for the year.

There are no other claims liabilities reported in the funds based on the requirements of accounting standards, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

NOTE 9. CITY OF SPICER'S FIREMAN'S RELIEF ASSOCIATION

A. PLAN DESCRIPTION

Firefighters of the City are members of the Association. The Association is the administrator of a single-employer defined benefit pension plan available to firefighters. The plan is administered by the Association pursuant to Minnesota Statutes Chapter 69, Chapter 424A and the Association's by-laws. As of December 31, 2022, the plan covered 26 active firefighters and 7 vested terminated fire fighters whose pension benefits are deferred.

NOTE 9. CITY OF SPICER'S FIREMAN'S RELIEF ASSOCIATION (Cont'd)

B. BENEFITS PROVIDED

The plan provides lump-sum retirement, death and supplemental benefits to covered firefighters and survivors. Benefits are paid based on the number of years of service multiplied by a benefit level per year of service approved by the City. The plan includes a \$1,800 service pension benefit for each year of service plus a Supplemental Benefit of 10% of the regular lump sum distribution, but not more than \$1,000. If a member is both age 50 and has completed 10 years of service but not 20 years of service, the lump sum pension will be reduced by 4% for each year of service less 20 years.

C. CONTRIBUTIONS

The plan is funded by fire state aid, investment earnings and, if necessary, employer contributions as specified in Minnesota Statutes, and voluntary City contributions. As of December 31, 2022, the State of Minnesota contributed \$27,724 in fire state aid to the plan on behalf of the Fire Department. Required employer contributions are calculated annually based on statutory provisions.

D. PENSION COSTS

The City reported a net pension liability (asset) of \$(44,989). The City's net pension liability (asset) was measured as of December 31, 2022, and the total pension liability used to calculate the net pension liability (asset) in accordance with GASB 68 was determined by an independent actuary applying an actuarial formula to specific census data certified by the fire department. The following table presents the changes in net pension liability during the year.

E. ACTUARIAL ASSUMPTIONS

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate:	4.00%
Expected return on plan assets:	4.00%
Inflation rate:	2.25%
Actuarial cost method:	Entry age normal in accordance with the requirements of GASB 67/68
Asset valuation method:	Market value of assets
Mortality:	<u>Healthy Pre-retirement:</u> Pub-2010 Public Safety Employee mortality tables with projected mortality improvements based on scale MP-2020. <u>Healthy Post-retirement:</u> Pub-2010 Healthy Retired Public Safety mortality tables with projected mortality improvements based on scale MP-2020. Males rates are adjusted by a factor of 0.98. <u>Disabled:</u> Pub-2010 Public Safety Disabled Retiree mortality tables with projected mortality improvements based on scale MP-2020. Males rates are adjusted by a factor of 1.05.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study for the period January 1, 2021-December 31, 2021.

There were no changes in actuarial assumptions for this period.

F. DISCOUNT RATE

The discount rate used to measure the total pension liability was 4.00%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at a rate specified in statute. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. PENSION LIABILITY (ASSET) SENSITIVITY

The following presents the City's net pension liability (asset) for the Volunteer Firefighter Fund, calculated using the assumed discount rate as well as what the City's net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate:

	1% Decrease in Discount Rate (3.00%)	Discount Rate (4.00%)	1% Increase in Discount Rate (5.00%)

H. PLAN INVESTMENTS/INVESTMENT POLICY:

The City of Spicer's Fireman Relief Association does not have a formal investment policy.

I. ASSET ALLOCATION

The long-term expected rate of return on pension plan investments as determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation at Measurement Date	Long-Term Expected Real Rate of Return	Long-Term Expected Nominal Rate of Return
Domestic Equity	40.00%	4.42%	6.67%
International Equity	10.00%	4.91%	7.16%

Total	100.00%		5.01%
Reduced for Assumed Investment Expense			-1.00%
Net Assumed Investment Return (Weighted Avg, Rounded to 1/4%)			4.00%

J. PENSION PLAN FIDUCIARY NET POSITION:

Detailed information about the pension plan's fiduciary net position is available in a separately-issued financial report that may be obtained through the Office of the City Administrator, City of Spicer, 217 Hillcrest Ave, PO Box 656, Spicer, MN, 56288.

NOTE 10. DEFINED BENEFIT PENSION PLAN - STATEWIDE

A. PLAN DESCRIPTION

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan (GERP; General Employees Plan; accounted for in the General Employees Fund):

All full-time and certain part-time employees of the City are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

CITY OF SPICER, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 10. DEFINED BENEFIT PENSION PLAN - STATEWIDE (Cont'd)

B. BENEFITS PROVIDED

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

GERP Benefits:

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% of average salary for each of the first 10 years of service and 1.7% of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% of average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

C. CONTRIBUTIONS

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

GERP Contributions:

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2022 and the City was required to contribute 7.50 percent for Coordinated Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2022, were \$25,731. The City's contributions were equal to the required contributions as set by state statute.

D. PENSION COSTS

GERP Pension Costs:

At December 31, 2022, the City reported a liability of \$324,721 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$9,474. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2021, through June 30, 2022, relative to the total employer contributions received from all of PERA's participating employers. The City's proportion share was 0.0041 percent at the end of the measurement period and 0.0049 percent for the beginning of the period.

State of Minnesota's Proportionate Share of the Net Pension Liability Associated With the City	<u>9,474</u>

There were no provision changes during the measurement period.

For the year ended December 31, 2022, the City recognized pension expense of \$50,290 for its proportionate share of GERP's pension expense. In addition, the City recognized an additional \$1,416 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At December 31, 2022, the City reported its proportionate share of GERP's deferred outflows of resources and deferred inflows of resources from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

The \$13,307 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended December 31,</u>	<u>Pension Expense Amount</u>

E. LONG-TERM EXPECTED RETURN ON INVESTMENT

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	33.50%	5.10%
International Equity	16.50%	5.30%
Fixed Income	25.00%	0.75%
Private Markets	25.00%	5.90%
	<u>100.00%</u>	

F. ACTUARIAL METHODS AND ASSUMPTIONS

The total pension liability in the June 30, 2022, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5 percent. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5 percent was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25 percent for the General Employees Plan. Benefit increases after retirement are assumed to be 1.25 percent for the General Employees Plan through December 31, 2054 and 1.5 percent thereafter.

F. ACTUARIAL METHODS AND ASSUMPTIONS (Cont'd)

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25 percent after one year of service to 3.0 percent after 27 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020 actuarial valuation.

The following changes in actuarial assumptions occurred in 2022:

GERP

The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

G. DISCOUNT RATE

The discount rate for the General Employees Plan used to measure the total pension liability in 2022 was 6.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. PENSION LIABILITY SENSITIVITY

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

NOTE 13. TAX ABATEMENTS

The City is authorized by Minnesota Statute §469.174 through 469.179 to enter into tax increment financing plans. Tax increment financing may be granted on a case-by-case basis and may be subject to certain stipulations determined by the City at the time it is entered.

Business	Purpose	Percent Abated	Amount Abated

NOTE 14. COVID-19

In March 2020, the World Health Organization declared the novel coronavirus disease (COVID-19) a pandemic, and the United States declared a national emergency. Various governmental measures to control the spread of the virus have been implemented throughout the country, including temporary closure of businesses, restrictions on travel, and other limitations on the conduct of business. The pandemic is disrupting supply chains and affecting production and sales across a range of industries. The continued spread of the coronavirus globally could have an effect on the City's business, net position, and results of operations in the next year.

NOTE 15. PRIOR PERIOD ADJUSTMENT

The beginning lease receivable and beginning deferred inflows of resources related to leases of the City have been adjusted to reflect a change in accounting principle. As mentioned in Note 4.B., the City implemented GASB 87, *Leases*, which requires a lessor to record a lease receivable and a deferred inflow of resources. As a lessor, the City recognized \$59,657 of lease receivables and \$59,657 of deferred inflows of resources for the year beginning January 1, 2021. There is no affect on fund balance or net position.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2022

NOTE 1. CHANGES IN PLAN PROVISIONS

A. GENERAL EMPLOYEE RETIREMENT PLAN (GERP)

2022 Changes:

There have been no changes since the prior valuation.

2021 Changes:

There have been no changes since the prior valuation.

2020 Changes:

Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 Changes:

The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 Changes:

The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.

Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.

Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.

Contribution stabilizer provisions were repealed.

Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019.

For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.

Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.

The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

NOTE 2. CHANGES IN ACTUARIAL ASSUMPTIONS

A. GENERAL EMPLOYEE RETIREMENT PLAN (GERP)

2022 Changes:

The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

2021 Changes:

The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.

The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

2020 Changes:

The price inflation assumption was decreased from 2.50% to 2.25%.

The payroll growth assumption was decreased from 3.25% to 3.00%.

Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.

Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.

Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.

Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.

The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.

The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.

The assumed spouse age difference was changed from two years older for females to one year older.

The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

2019 Changes:

The mortality projection scale was changed from MP-2017 to MP-2018.

NOTE 2. CHANGES IN ACTUARIAL ASSUMPTIONS (Cont'd)

A. GENERAL EMPLOYEE RETIREMENT PLAN (GERP) (Cont'd)

2018 Changes:

The mortality projection was changed from MP-2015 to MP-2017.

The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 Changes:

The combined service annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability.

The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016 Changes:

The assumed post-retirement benefit increase rate was changed for 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all years.

The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent.

Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 Changes:

The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Honorable Mayor and Members of the City Council
City of Spicer
Spicer, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City of Spicer's basic financial statements and have issued our report thereon dated May 16, 2023.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the contracting - bid laws, depositories of public funds and public investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council
City of Spicer
Spicer, Minnesota

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Spicer, Minnesota, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 16, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings as items 2022-001 and 2022-002 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF SPICER, MINNESOTA

SCHEDULE OF FINDINGS
DECEMBER 31, 2022

I. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS

FINDING: 2022-001 LIMITED SEGREGATION OF DUTIES

Condition: There is an absence of appropriate segregation of duties consistent with appropriate control objectives due to a limited number of employees.

Criteria: The basic premise is that no one person should have access to both physical assets and the related accounting records or to all phases of a transaction. The lack of such controls could result in the occurrence of a material error or fraud in relation to the financial statements not being detected by management.

Cause: The City has assigned duties to staff based on a cost-benefit relationship to the City and the practicality of the level of staffing the City maintains.

Effect: The lack of adequate segregation of duties could adversely affect the City's ability to initiate, record, process and report financial data consistent with the assertions of management in the financial statements.

Recommendation: The City should continue to monitor and evaluate the job responsibilities assigned to staff to determine whether there is an unacceptable risk.

CORRECTIVE ACTION PLAN (CAP):

Explanation of Disagreement with Audit Findings:
None

Actions Planned in Response to Findings:
Management is aware of the lack of segregation of duties situation and have implemented supplemental measures as we feel necessary. We believe the cost of correcting the situation would exceed the benefits from doing so.

Official Responsible for Ensuring CAP:
Jacob Kolander, City Administrator

Planned Completion Date for CAP:
December 31, 2023

Plan to Monitor Completion of CAP:

SCHEDULE OF FINDINGS
DECEMBER 31, 2022

I. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS (Cont'd)

FINDING: 2022-002 AUDITOR PREPARED FINANCIAL STATEMENTS

Condition: The City does not have an internal control system designed to provide for the preparation of the financial statements and the related notes being audited. However, based on the degree of complexity and level of detail needed to prepare the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), the City has requested the auditors to prepare them.

Criteria: The preparation of the financial statements and the related notes are the responsibility of management.

Cause: There are a limited number of office employees and resources available to allow for the adequate preparation of the financial statements by the City.

Effect: This could result in a material misstatement to the financial statements that would not be prevented or detected as a result of the City's current internal control.

Recommendation: The City should continue to request the assistance to draft the financial statements and related notes and thoroughly review these financial statements after they have been prepared so the City can take responsibility for them.

CORRECTIVE ACTION PLAN (CAP):

Explanation of Disagreement with Audit Findings:
None

Actions Planned in Response to Findings:
The City relies, and will continue to rely, on the audit firm to prepare the annual financial statements and related footnote disclosures. We believe the cost of preparing the financial statements internally would exceed the benefits from doing so.

Official Responsible for Ensuring CAP:
Jacob Kolander, City Administrator

Planned Completion Date for CAP:
